

# THE Miniature Event

April 8, 2007

Dear Friends,

It's hard to believe that it's time for The 2007 World Show Sale! Where does the time go? Last years Sale was yet another success. We are proud of this success, and you can be proud of yourself also, as without your participation we could never have attained such heights! It definitely is a group effort and I hope we all have benefited from it as well as the Miniature Industry

**Wednesday, October 3, 2007**

There will be a change this year as all of a consignor horses will be stalled together as a farm and you will be responsible for decorating you own horses stall/stalls. You will be able to purchase another stall as a display stall to promote your horse/horses and your farm next to your sale horses

It is very important that you get your information on possible sale horses, including photos and videns of the horses that you intend to submit for The Event Sale. Many have already sent us their information about their animals, and we want to make sure that you, our former supporters, have the opportunity to consign early and for advertising purposes. Our selection committee will be busy looking over the horses submitted.

When selecting horses for consideration take into account that we select them as to their quality, conformation, pedigree, reasonable reserve and their marketability. Marketability is a major concern to us when selecting horses; we must have horses that people are wanting. Remember before you submit a colt or stallion; know that we accept very few as they more often than not bring a very low price at all sales. If we accept one they must have something that would make the general horse public wants them and also have a reasonable reserve for that individual horse.
