# Conditions of Sale

1. All horses offered at auction are offered in accordance with the laws of the State of Texas, and the laws of the State of Texas shall govern all transactions related to this auction.
2. Each horse offered in this sale will be sold "AS IS", with all faults, conditions and defects, if any. Horses sold shall be without warranty, expressed or implied, as to soundness, condition, merchantability, or fitness for any particular purpose.
3. Every effort has been made to ascertain correct information, and to print the same in the Sale Catalog; however, the Auctioneer and Sales Management neither assumes nor accepts responsibility for errors, omissions, or misstatements contained in the Sale Catalog. Announcements at the time of auction will take precedence over material contained in the catalog.
4. The auction sale is "an auction with reserve", that is, the owner shall have the right to establish a reserve, a price under which the horses will not be sold. The reserve in this auction shall be a sealed reserve in which the owner has established the reserve, if any, in writing prior to the offer of each respective horse in the auction. Prior to the Auctioneer accepting the highest bid, the sealed reserve shall be opened and if the highest bid is not equal to or exceeds the reserve price, then and in such event, the highest bidder shall be advised by the Auctioneer of the reserve price, in which event the highest bidder shall be offered the opportunity to purchase the horse for the reserve price. In the event the highest bidder chooses not to meet the reserve price, then any qualified bidder may tender a bid exceeding the reserve price and the auction shall proceed with the Auctioneer accepting bids above the sealed established reserve.
5. Horses shall be sold to the highest bidder, subject to condition number 4. The successful bidder, submitting the highest bid, shall forthwith acknowledge such bid in writing, by signing the Acknowledgement of Purchase, which will be presented by an auction clerk immediately following the Auctioneer's acceptance of such bid. In the event any dispute arises between or among two (2) or more bidders, the Auctioneer shall have the sole authority and right to settle the dispute, as determined in the sole discretion of the Auctioneer, and his decision shall be final and binding on all parties. Bids received after the fall of the hammer are not a basis for dispute. The Auctioneer reserves the right to reject any and all bids.
6. The Sale Management is not responsible for the integrity of any bid made. In the event that a bid is not honored, seller agrees not to hold Sales Management, the Auctioneer and their agents and representatives responsible. A recorded tape will be made of the entire Sale, which shall be used to settle any disputes pertaining to statements made concerning the horses offered for sale.
7. Upon signing the Acknowledgement of Purchase, risk of loss and responsibility for the horse shall be upon the buyer.
8. Buyer agrees to issue payment through the auction cashier within one (1) hour following the conclusion of the auction sale. Upon buyer making satisfactory settlement for the horse or horses purchased, a delivery order will be issued by the auction clerk and given to buyer, so that buyer may take possession of the horse or horses for which settlement had been made. Sales Management will prohibit removal of any horse or horses without properly signed delivery order.
9. Buyer agrees to hold the Sales Management, the Auctioneer, the AMHA and their agents and employees, harmless from all loss, costs and expense, having to do with or rising from illness, injury or death of any animal offered or purchased, and any loss or damage to property and injury to persons, including death, caused by buyer, buyers agents, representatives or employees, or by the animal, following buyers purchase of an animal.
10. Buyer or buyers designated representative shall take possession, care, custody and control of any animal purchased, immediately following buyer's receipt of a delivery order.
11. Notwithstanding, delivery of the horse purchased to buyer, Sale Management will retain all registration papers and transfers until payments have been verified, i.e. checks have cleared buyers bank, etc. Upon verification of payment, registration papers, along with properly executed transfer of ownership reports, and any other pertinent documents related to the animal purchased shall be prepared and mailed to buyer.
12. Settlement by buyer, or buyer's representatives, shall be made to the Sale Management Cashier ONLY. Payment to anyone other than the designated cashier shall not be considered as settlement. Settlement for full purchase price on each horse purchased shall be in the form of US currency, certified check, traveler's check or approved personal check, which had been approved in advance by Sale Management. ALL BUYERS AND PROSPECTIVE BUYERS MUST ESTABLISH BUYER IDENTIFICATION PRIOR TO SALE.
13. Buyers who fail in any respect whatsoever to pay for horses, as provided in these Conditions of Sale and/or settlement procedures, shall be declared in default. Any horse for which full and complete settlement is not made, may be re-sold without notice to buyer, the cost of re-sale to be borne by buyer. In the event of a re-sale, based on buyer's failure to complete settlement, buyer shall be obligated to pay Sale Management all expenses incurred in re-sale, together with any deficiency in the price obtained upon re-sale. Sale Management and/or owner shall have the right to bring suit against a defaulting buyer, in which event, buyer shall be responsible for all cost, attorney fees, expenses and loss incurred or resulting from buyer's default or enforcement of the obligations of buyer incurred by executing a bid acknowledgement.
14. The Sale Management does not act as agent for either seller or buyer, but merely provides an environment in order to permit the binding together of an agreement between seller and buyer for the purpose of sale/purchase transactions. Any and all representations concerning the horses presented are those of the seller, and no action shall lie against Sale Management related to or arising by reason of such representation.
15. All horses consigned to this sale have been required to have a negative Coggins report within six (6) months from date of sale, and Health Certificate dated within 30 days of sale.

Goldie is a pretty palomino mare with a snip and large expressive eyes. It is rare to find a horse who has a natural slender neck and tiny throatlatch. One of the main problems with miniatures is the tendency for heavy necks and throatlatches. It is hard to find a horse who without benefit of diet, exercise or sweating, has the neck that so many work so hard to achieve. She is a granddaughter of FWF Little Blue Boy, and vet checked in foal to NFC Egyptian Kings Topsider. Topsider is a National Champion Senior Stallion 28" & Under and has produced multiple National Champions, National Futurity Champions, and Supreme Halter Horses. He has been on the Top Ten Futurity Sire List for six years. We are retaining Goldie's palomino filly out of Topsider for our future breeding stock. A young mare carrying her fourth foal. She's the right type, bred the right way, with a nice pedigree to back up her quality.

# ***Welcome.....***

to the FOURTH annual WORLD SHOW Sale,

*It seems like only yesterday that we were writing this letter to welcome you to the first National Show Sale, and thanks to the dedication and support of all of you, we can continue to bring to you some of the finest Miniature Horses offered at public auction. Because of the great support of AMHA, the farms who consign horses for the sale, and all of you buyers who have supported the sale, we hopefully will be able to continue the sale for many more years.*

*By purchasing a horse at this sale you will also be supporting the AMHA Youth and Amateur programs. A portion of the proceeds from this World Sale will benefit the youth scholarship fund and the Gelding Incentive Funds.*

*The sale horses again will be stalled together in the Sale Horse Barn during the week of the World show. We encourage interested parties to talk to the consignors. They can best answer any questions you might have about their horses.*

*We hope that everyone has enjoyed the Sales in the past. We would like to encourage everyone to make this World Show Sale a Time of Celebration and love for the great "Miniature Horse Breed".*
