

# Welcome to the 2006 Miniature Event

## Miniature Horse Sale

Dear Friends,

"Back by Popular Demand", we would like to welcome everyone to The Miniature Event Sale. Many years ago, about 13 years, we started The Miniature Event, hoping to bring a forum to showcase the Miniature Horse through many angles. The response to the First Miniature Event Sale was amazing, and for seven years it remained a highlight for those who attended. We decided to "Quit While You're Ahead" as they say, but because of the many requests from people that were not in the Industry during those years, we are bringing it back.....AND because we believe that it is a great boost to the Miniature Horse Industry, We're Back Again!!!!

We are very excited about the group of horses going across the stage this year. There are horses consigned from the Top Miniature breeders in the United States, and no matter what you might be looking for, there's sure to be one for you! We are proud to offer a double World Grand Champion Junior and Senior stallion! This we feel is an unprecedented move to be able to offer him at our consignment sale. We have many top show potential colts and fillies. Many outstanding mares with top bloodlines, bred to some of our Industry's most high profile stallions.

During the seven years that we produced The Miniature Event, many of the horses went on to be World Champions or to produce World Champions. This is a fact that we are very proud of and we feel that this year will be no exception! Come join in the fun of not only the sale, but the Show, Stallion Avenue, Seminars, and the MANY PARTIES!

If you have any questions about the consignment sale horses please call us at Wind Flight or Bar B Miniatures or contact the consignor for additional information.

Again we want to thank everyone for their past support and we look forward to seeing you in April in Lufkin, Texas.

Sincerely,  
The Miniature Event Group

# Conditions of Sale

1. All horses offered at auction are offered in accordance with the laws of the State of Texas, and the laws of the State of Texas shall govern all transactions related to this auction.
2. Each horse offered in this sale will be sold "AS IS", with all faults, conditions and defects, if any. Horses sold shall be without warranty, expressed or implied, as to soundness, condition, merchantability, or fitness for any particular purpose.
3. Every effort has been made to ascertain correct information, and to print the same in the Sale Catalog; however, the Auctioneer and Sales Management neither assumes nor accepts responsibility for errors, omissions, or misstatements contained in the Sale Catalog. Announcements at the time of auction will take precedence over material contained in the catalog.
4. The auction sale is "an auction with reserve", that is, the owner shall have the right to establish a reserve, a price under which the horses will not be sold. The reserve in this auction shall be a sealed reserve in which the owner has established the reserve, if any, in writing prior to the offer of each respective horse in the auction. Prior to the Auctioneer accepting the highest bid, the sealed reserve shall be opened and if the highest bid is not equal to or exceeds the reserve price, then and in such event, the highest bidder shall be advised by the Auctioneer of the reserve price, in which event the highest bidder shall be offered the opportunity to purchase the horse for the reserve price. In the event the highest bidder chooses not to meet the reserve price, then any qualified bidder may tender a bid exceeding the reserve price and the auction shall proceed with the Auctioneer accepting bids above the sealed established reserve.
5. Horses shall be sold to the highest bidder, subject to condition number 4. The successful bidder, submitting the highest bid, shall forthwith acknowledge such bid in writing, by signing the Acknowledgement of Purchase, which will be presented by an auction clerk immediately following the Auctioneer's acceptance of such bid. In the event any dispute arises between or among two (2) or more bidders, the Auctioneer shall have the sole authority and right to settle the dispute, as determined in the sole discretion of the Auctioneer, and his decision shall be final and binding on all parties. Bids received after the fall of the hammer are not a basis for dispute. The Auctioneer reserves the right to reject any and all bids.
6. The Sales Management is not responsible for the integrity of any bid made. In the event that a bid is not honored, seller agrees not to hold Sales Management, the Auctioneer and their agents and representatives responsible. A recorded tape will be made of the entire Sale, which shall be used to settle any disputes pertaining to statements made concerning the horses offered for sale.
7. Upon signing the Acknowledgement of Purchase, risk of loss and responsibility for the horse shall be upon the buyer.
8. Buyer agrees to issue payment through the auction cashier within one (1) hour following the conclusion of the auction sale. Upon buyer making satisfactory settlement for the horse or horses purchased, a delivery order will be issued by the auction clerk and given to buyer, so that buyer may take possession of the horse or horses for which settlement had been made. Sales Management will prohibit removal of any horse or horses without properly signed delivery order.
9. Buyer agrees to hold the Sales Management, the Auctioneer, the AMHA and their agents and employees, harmless from all loss, costs and expense, having to do with or rising from illness, injury or death of any animal offered or purchased, and any loss or damage to property and injury to persons, including death, caused by buyer, buyers agents, representatives or employees, or by the animal, following buyers purchase of an animal.
10. Buyer or buyers designated representative shall take possession, care, custody and control of any animal purchased, immediately following buyer's receipt of a delivery order.
11. Notwithstanding, delivery of the horse purchased to buyer, Sales Management will retain all registration papers and transfers until payments have been verified, i.e. checks have cleared buyers bank, etc. Upon verification of payment, registration papers, along with properly executed transfer of ownership reports, and any other pertinent documents related to the animal purchased shall be prepared and mailed to buyer.
12. Settlement by buyer, or buyer's representatives, shall be made to the Sales Management Cashier ONLY. Payment to anyone other than the designated cashier shall not be considered as settlement. Settlement for full purchase price on each horse purchased shall be in the form of US currency, certified check, traveler's check or approved personal check, which had been approved in advance by Sales Management. **ALL BUYERS AND PROSPECTIVE BUYERS MUST ESTABLISH BUYER IDENTIFICATION PRIOR TO SALE.**
13. Buyers who fail in any respect whatsoever to pay for horses, as provided in these Conditions of Sale and/or settlement procedures, shall be declared in default. Any horse for which full and complete settlement is not made, may be re-sold without notice to buyer, the cost of re-sale to be borne by buyer. In the event of a re-sale, based on buyer's failure to complete settlement, buyer shall be obligated to pay Sales Management all expenses incurred in re-sale, together with any deficiency in the price obtained upon re-sale. Sales Management and/or owner shall have the right to bring suit against a defaulting buyer, in which event, buyer shall be responsible for all cost, attorney fees, expenses and loss incurred or resulting from buyers default or enforcement of the obligations of buyer incurred by executing a bid acknowledgement.
14. The Sales Management does not act as agent for either seller or buyer, but merely provides an environment in order to permit the binding together of an agreement between seller and buyer for the purpose of sale/purchase transactions. Any and all representations concerning the horses presented are those of the seller, and no action shall lie against Sales Management related to or arising by reason of such representation.
15. All horses consigned to this sale have been required to have a negative Coggins report within six (6) months from date of sale, and Health Certificate dated within 30 days of sale.
