Sorrel Mare - 34" - R Registered - Parent Qualified
In Foal to SRF Aristocrat

This is the first time that Ravenwood has put horses in the world Show Sale. In the past we simply could not part with the quality of horse that should be consigned to such a great sale. This year we bring a great mare for you! A two time National Champion! "Temptation" is the dam of World Champion, Aloha Henry 143 who has become an up and coming sire in his own right. "Henry's" foals are already proving themselves in the show ring. "Temptation" is also the dam of the beautiful black pinto, Aloha Acres Heir to Magic who became a champion in PtHA in 2007. We are retaining her filly from this year sired by FA Scouts Red To Remember. She is a super refined beautiful filly that will replace Temptation in our breeding program. Temptation is vet checked in foal to SRF Aristocrat for what is destined to be an incredible foal in 2009. Let this mare "tempt" you into taking her home and having your next generation of winners.

Foaled 5/30/02 Cremello Stallion - 30" - R Registered

It is rare to find a young proven stallion of this quality offered for sale. He has already proven himself to be a sire of exceptional foals. Some are on the show circuit this year. He has great bloodlines by the "Buckeroo" son, Little Kings Buck Zeus, and out of the beautiful half sister to Glenns General Patton. He is actually a perlino and can produce many buckskins and palominos. "El Capitan" is small and he is siring quality and refinement in his offspring. Wind Flight has bred many mares to him and Ray has been excited about the resulting foals. This is a great young stallion that could be the foundation for someone, or could be the cross that you need for your existing herd.

Wow! What a beauty. "Design" started out strong, winning 2 Supreme Championships at her first show as a weanling! And she has stayed that way, continuing to win as a yearling in both AMHA and AMHR. She is the all around perfect horse that everyone looks for. She is ultra-refined, has a huge eye, straight legs, pretty little ears, awesome movement, and all the show pizzazz in the world. Her sire, Cherryvilles Rio de Oro has proven time and time again that his babies are National Champion winners. "Design" could do it all for you; show, drive, and then be a broodmare that anyone would be proud to have in their pasture.

3 Ds Sundays Best

Consignor
Bar B Ranch

This beautiful mare captures the immediate attention of every visitor to the farm. Her grace and elegance are reflected in her bloodlines - Her sire is a well known son of the great Wittmaacks Mickey Mouse, a Gold Melody Boy son and out of a Gold Melody Boy daughter. Her dam commanded a five figure price at auction and has produced show winners. "Sunday" herself is dam to several beautiful buckskin and bay foals with the extreme Arabian look that all breeders aspire to. She is in foal to Little Kings Buck Zeus for another beautiful buckskin foal. The Gold Melody Boy blood in this mare and her 2009 foal will be a precious commodity indeed. The proud owner of this elegant mare will take home a great value!

American Horse Council - Your Unified Voice in Washington American Horse Council Press Release - Contact AHC@horsecouncil.org Benefits in the Economic Stimulus Act for Horse Industry

Washington, DC - February 14, 2008 - President Bush signed into law the Economic Stimulus Act on February 13, 2008. The bill is intended to provide a jump-start to the lagging U.S. economy.

"The new law includes two tax incentives that would allow a much bigger write-off for horses and other depreciable property purchased and placed in service during 2008," said Jay Hickey, President of the American Horse Council. "This should provide an additional incentive for people to invest in more horses for racing, showing and breeding as part of their business activities."

The first incentive would increase the so-called Section 179 expensing allowance for horses purchased and placed into service in 2008 from \$128,000 to \$250,000. This expensing allowance also applies to farm equipment and most other depreciable property. Once total purchases of horses, and other eligible depreciable property, during 2008 reach \$800,000, the expense allowance goes down one dollar for each dollar spent on eligible property over \$800,000.

"The horse industry almost lost the Section 179 expense deduction in 1996. The House of representatives passed legislation taking this deduction away from the horse industry," said Hickey. "But we were able to convince the Senate to remove this legislation before passing the final bill and the deduction was preserved. It was worth \$17,500 then. Over the years it has been increased and will now go up to \$250,000 for 2008. That is a real benefit to horse owners." (Continued on following page)
