Offering an awesome opportunity to be a part of a one of a kind project.

I, Tara Reiten, would like to invite miniature horse owners to be a part of my Miniature Horse Coloring Book! It is an endeavor that has been years in the making and something I have wanted to do for a long time. I hope to be bringing together horse lovers from all over the World!

Now your first question is probably this, "How much does it cost?" Well, it's \$125 for one page (one horse per page). You're also probably asking yourself, "What do I get out of being in this coloring book, besides the fact that I will be bringing great joy to children everywhere." Here are a few more business oriented reasons.....

1st - Your horses "Barn" name will be on the page with the drawing and page number. I am not asking for full registered names because I am not officiated with any clubs or organizations within the miniature horse industry worldwide. I would like every miniature horse owner to be able to participate in this. Yes, the horse must be registered as a miniature horse, 38 inches and under, but I am not asking for proof, I try to work on trust alone.

2nd - In the back of the book each page will be listed with your Ranch Name, State or Country of Residence, and your choice of one of these three - phone number, e-mail address, or web site address. I hope you realize that space is limited and that is the reason for me needing you to choose only one of the above three options.

3rd - After receiving the ok from the AMHR and AMHA, I plan to have booths at both The National and The World Shows in 2006. The coloring books will be featured there and for sale at a very reasonable price. (Crayons and markers not included but available!) I believe they will make wonderful affordable gifts for all occasions.

4th - For each page you purchase you will receive 5 coloring books to keep for yourself for free.

5th - Outside Promotions for the Miniature Horse! Its what we all want, right??!! Well, with enough support, and after I see how this does in the miniature world, I plan to try and take this to many other markets. For example, getting it sold in business, book stores, western stores nation wide. The possibilities are endless. I know its a lofty goal, but knowing how much we all care about our horses and promoting those precious animals, I feel anything is possible!

Below is a short list of rules and regulations for being a part of this coloring book.

After I have done the initial drawing for your page, I will e-mail it to you and you will be allowed **ONLY ONE CHANGE** within the drawing. Please note that I want to give everyone the perfect drawing, but my time is very limited on a project of this magnitude, especially if it has to be done in time for Nationals and World!
